Welcome to THE VETTE NET, your modern destination for buying and selling your Corvette. We are a Nationwide and International Corvette Brokerage Network, in business since 1998 and Lifetime Business Member #991 of the National Corvette Museum. We define ourselves as an interface between enthusiasts, assisting with "adoptions" of these very special automobiles, America's (only) Sports cars... The "Bumper Cars", an endearing nickname for the steel bumper Corvettes are referring to the 1968-1972 vintage, all with a distinctive Shark look and probably the most recognizable classic Vette.

The 1988 model was significant one for the Corvette, celebrating its 35th Anniversary. This was marked by a special edition of 2050 units, all sporting a White on White look and some other distinguishing items like badges and embroidery.

This fine example we are offering today has lived all its life in Florida and is in excellent condition. Just recently it benefitted from new injectors, new antenna, etc. AC was freshened up and blows cold. All in working order with the exception of some speakers which show sign of aging.

The 35th Anniversary Corvettes are coming back as an affordable collectable, a little jewel to complete a collection.

Located in FLORIDA, we can arrange with delivery nationwide and international. Corvette trades are considered, also, financing is available.
