**Date Posted:** 11/01/2018  
**Engine:** 350  
**Horsepower:**  
**Transmission:** Automatic  
**Miles:** 16000  
**Exterior:** White  
**Interior:** Camel  
**Comments:** Numbers matching, L81/350 engine, 16,000 miles on dash, new tan leather interior, auto, power steering, power brakes, X-A/C, rear window defogger, adjustable sport mirrors, tinted glass, AM/FM/8 track radio, alloy wheels, glass roofs, power windows, tilt & telescopic steering column, original valve covers, original air cleaner assembly, and much more.

I drove this corvette over three hours home! Its handling is very tight and it's a fun vette to drive and enjoy!

This corvette has had the calipers, brake hoses, slotted and drilled rotors, radiator, upper and lower radiator hoses, spark plug wires, distributor cap, tongue bushing, main drive shaft U joints, alternator, 4 shocks, sway bar links, dual exhaust and mufflers replaced, Edelbrock carburetor, and much more done recently. We changed the oil and filter, rear end grease and additive, and checked and lubed the chassis. The last owner replaced the dash, seat covers, door panels, complete carpet, rear tray assembly, and complete weatherstrip kit.

1981 was the last year for a carburetor on the corvette. It was also the first year for a computer in a corvette. This was the last year for the Saint Louis Assembly Plant and the first year for the Bowling Green Plant. GM only produced 6,387 White corvettes out of 40,606 total production in 1981.
